The ¹ indicates the team with the first pre-game practice session. At the conclusion of the team's pre-game practice, one player delivers one stone to the tee at the playing end. The team with the lesser Draw Shot Distance (DSD) has the choice of delivering first or second stone in the first end.

For each team's first game, the team with the higher Draw Shot Challenge ranking will practice second.

First named teams in each draw play the stones with the dark coloured handles, and wear dark coloured upper playing garments. Second named teams in each draw play the stones with the light coloured handles, and wear light coloured upper playing garments.
